The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary.
For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-866-HeartUs.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0 for Medical Services	You do not have to meet a deductible to receive coverage for in network care. The Health Plan will pay for your covered medical services less any applicable co-pay. You do have a separate deductible that applies to Specialty Pharmacy only.
Are there services covered before you meet your deductible?	Yes.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. Pharmacy Deductible is $5,500/Individual or $11,000/family	The Pharmacy deductible applies primarily to specialty prescriptions. You do not need to meet this deductible to obtain generic or brand name preferred prescriptions.
What is the out-of-pocket limit for this plan?	$7,000/Individual or $14,000 family for in-network services only	The out-of-pocket limit is the most you could pay in a year for covered in-network services only. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. There is no out-of-pocket limit for out of network services.
What is not included in the out-of-pocket limit?	Premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.decent.com or call 1-866-HeartUs for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral. before you see the specialist.
