

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call Decent at 1-866-HeartUs or go to [www.decent.com](http://www.decent.com). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at <https://www.healthcare.gov/glossary/> or call 1-866-HeartUs to request a copy.

Important Questions	Answers	Why This Matters:
<b>What is the overall <u>deductible</u>?</b>	\$0 for Medical Services	See the Common Medical Events chart below for your costs for services this <u>plan</u> covers. You do not have to meet a <u>deductible</u> to receive coverage for <u>network</u> care. The <u>plan</u> will pay for your covered medical services less any applicable <u>copayments</u> . You do have a separate <u>deductible</u> that applies to <u>specialty drugs</u> only.
<b>Are there services covered before you meet your <u>deductible</u>?</b>	Yes.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without cost-sharing and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
<b>Are there other <u>deductibles</u> for specific services?</b>	Yes. <u>Specialty drug deductible</u> : \$5,500/Individual or \$11,000/family	The pharmacy deductible applies primarily to <u>specialty drugs</u> . You do not need to meet this <u>deductible</u> to obtain generic or brand name preferred prescriptions. See Comments in Medical Deductible for more information about <u>deductibles</u> .
<b>What is the <u>out-of-pocket limit</u> for this <u>plan</u>?</b>	\$8,150/Individual or \$16,300/family for <u>network</u> services only	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered <u>network</u> services only. If you have other family <u>members</u> in this plan, they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. There is no <u>out-of-pocket limit</u> for <u>out-of-network</u> services.
<b>What is not included in the <u>out-of-pocket limit</u>?</b>	<u>Premiums</u> , <u>balance billing</u> charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
<b>Will you pay less if you use a <u>network provider</u>?</b>	Yes. See <a href="http://www.decent.com">www.decent.com</a> or call 1-866-HeartUs for a list of participating <u>providers</u> .	This <u>plan</u> uses a <u>provider</u> network. You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
<b>Do you need a <u>referral</u> to see a <u>specialist</u>?</b>	Yes.	This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a <u>referral</u> before you see the <u>specialist</u> .
