

What is Decent?

Starting April 1, 2019 Text: Decent will be offering members of the Texas Freelancers Association (TFA) a comprehensive health plan designed exclusively with Freelancers in mind. In addition to receiving comprehensive care, Freelancers will be rewarded for doing things that are good for them and good for the community.

We envision a world where everyone has the freedom to do the work they want without sacrificing access to affordable and comprehensive healthcare.

Who we serve + why

Unlimited primary care visits with \$0 co-pay. High quality specialty network. Know before you go to a doctor what it will cost.

Office visit to PCP - **\$0**

Office visit to Specialist - **\$50**

Generic Drugs - **\$15**

At Decent we believe that:

At Decent we believe that - First, "do no harm" should apply to insurance companies too. If you buy your own insurance, you can sign up at Decent to get notified when enrollment starts in your area.

OPEN ENROLMENT BEGINS FEBRUARY FIRST

Decent

Why choose Decent?

Who we serve + why

Decent is creating a health plan that will cost substantially less than similar comprehensive care plans offered on the exchange. We will use technology, including blockchain, to create a more efficient way of operating that puts patients first.

Get rewarded for good decisions

Decent wants to make sure members not only get care when they need it, but get rewarded for the smart decisions made every day.

Primary care that works for everyone

We will use a direct primary care model, which means members get unlimited visits with their primary care provider without ever paying a copay.
